Kingdom staff favorites for the holidays.

For my holiday wish list, I'm hoping someone pours me a Suntory and ships me off to Japan, where the **Park Hyatt Tokyo**, of *Lost in Translation* fame, is reopening before the end of the year. In the spring, the **Imperial Hotel, Kyoto**—sibling property to Japan's original luxury hotel in Tokyo—will debut in a restored 1930s landmark building in the Gion district.
